## Vinpower Digital Increases Blu-ray Disc Duplication Speed to 8X for Both Their Manual Tower and Autoloader Series Duplicators

the user to burn their original master disc(s) directly from a computer for use in the duplicator.

"Pioneer has long supported the advancement and adoption of the Blu-ray Disc format, so we're very pleased that vinpower digital has chosen to use our latest Blu-ray Disc drive as an essential element for their new product line," declared Andy Parsons, Senior Vice President of Advanced Product Development at pioneer Electronics (USA) Inc.

In addition, vinpower digital has teamed with the Optical

Quantum line of Blu-ray Disc recordable media to ensure the highest quality Blu-ray Disc duplication. Optical Quantum offers an assortment of recordable Blu-ray Disc media which has proven to be extremely reliable in high speed duplication as well as in playback compatibility, especially when burned in the vinpower digital line of duplicators.

About vinpower digital  
Vinpower digital is the leading manufacturer of standalone optical disc duplication equipment. With our corporate office in Los Angeles, California, USA and production offices in Taipei, Taiwan, we have the ability to deliver the most advanced and reliable standalone optical disc duplication controllers, manual towers, and robotic autoloaders anywhere in the world. As a true manufacturer, vinpower digital has the ability to OEM/ODM customized applications and equipment for qualified vendors on a number of levels. Never satisfied with good enough, vinpower digital constantly pushes the envelope to develop new features and enhance their existing product to stay in tune with the customers' needs and expectations.

For further information on any or all of vinpower digital's line of duplicators please visit our website at [www.vinpowerdigital.com](http://www.vinpowerdigital.com).
